For Immediate Release

The Sidney Museum Organizes a Great Lineup of Events for the 2024 Family Day Long Weekend

Sidney, British Columbia, January 26, 2024 - The Sidney Museum is excited to present another year of fun during the Family Day Long Weekend, running February 16 - 19, 10:00am - 4:00pm. There will be LEGO®-themed activities designed for families and children of every age.

Visit the Sidney Museum to see hundreds of LEGO® models and pick up your Beacon Avenue Scavenger Hunt. Businesses and organizations from all over town will have LEGO® sets on display in their windows and storefronts. Find them all and be entered in a draw to win fabulous LEGO® prizes!

In addition, the Sidney Museum is delighted to welcome back one of Canada's only LEGO® Certified Professionals – Robin Sather! Robin will be at the Museum over the weekend building a 6 foot LEGO® model of local landmarks, Sidney's Pier and the Fish Market. Drop in to say hello and watch a Master Builder at work.

Also returning to the Sidney Museum is the fan-favorite Peninsula Co-op's Community Mosaic. Contribute a piece to this work of art which will eventually be showcased at a local Peninsula Co-op location!

After you've taken in the sights and activities at the Sidney Museum, stroll on down to the Sidney Pier Hotel & Spa's Sallas Room where the Victoria LEGO® Users Group will be set up with a variety of dioramas, from fairground attractions to modular cities.

"With our popular LEGO® Brick Exhibition returning for its 18th consecutive year, we are very excited to continue what has become a community tradition," says Michael Goodchild, the Executive Director of the Sidney Museum. "LEGO® has a remarkable ability to appeal to nearly any age and interest, from real-world architecture to references to beloved movies and TV shows," continues Goodchild. "Working on the exhibit and Family Day activities is a real treat and our team is looking forward to sharing in everyone's excitement!"
